The Governing Board of Hallwood Park Primary School and Nursery adopted this policy at the Governing Board Meeting held on 10th January 2020.

Equality, Disability and Community Cohesion Policy

Introduction

This Policy sets out the school's approach to promoting equality, diversity and community cohesion. It covers disability, gender and race/ethnicity, in response to the statutory duties on schools to publish disability and gender equality schemes and a race equality policy.

This Policy statement sets out:

- The school's context
- Aims and values
- The school's overall approach to promoting equality: community cohesion, recognising and celebrating diversity and tackling discrimination
- Specific reference to community cohesion, race equality, disability equality, gender equality
- Roles and responsibilities
- Monitoring, reviewing and assessing impact

The School Context – What sort of school are we?

Hallwood Park Primary School and Nursery is a small one-form entry primary school in Runcorn, serving an area with a high level of social deprivation.

- The school has much higher than average levels of FSM and mobility. The level of SEND is above the national average.
- A very small percentage of pupils are from ethnic minority groups and the vast majority of pupils speak English as their first language.
- The vast majority of pupils live within walking distance of the school.
- Most children enter the school having experienced some form of pre-school provision, often in the school's own nursery.
- Overall, pupils come to school attaining well below national expectations but they work hard and make the most of their educational experiences. Their parents value the educational provision and wish to work in close partnership with the school, which the school tries to facilitate throughout the year.
- The school is keen to develop initiatives beyond the demands of the national curriculum, eg after-school clubs, music projects.
- The school takes great pride in meeting the individual needs of all pupils, through such measures as: the extremely high level of staffing; the prioritising of Nurture provision; and the emphasis on "Talk to Learn" strategies.
- The local community is used whenever possible to broaden and enrich the quality of education, although this is an area for development.
- The school hall and Community Room are sometimes hired for community use.

- staff are motivated and keen to develop their skills for the sake of the children and their own professional development;
- parents are proud to send their children and enjoy working in partnership with the school.

These aims are designed to ensure that the school meets the needs of all, taking account of gender, ethnicity, culture, religion, language, disability, ability, sexual orientation, age, and social circumstances. We strive to include and engage all pupils

and to prepare them for full participation in a diverse society. This school will take steps to:

- promote equality of opportunity and access
- promote racial equality and good race relations
- oppose all forms of prejudice and negative discrimination
- ensure pupils with a disability have access to the school buildings and to the curriculum.

Our approach to promoting equality

The overall objective of the school's Policy is to provide a framework for the school to pursue its equality duties to eliminate unlawful discrimination and harassment; promote equality of opportunity; and promote good relations and positive attitudes between people of diverse backgrounds in all its activities.

Through the Equality Policy, the school seeks to ensure that no member of the school community or any other person through their contact with the school receives less favourable treatment on any grounds which cannot be shown to be justified. This covers race, colour, nationality, ethnic or national origin, religion or belief, gender, marital status, responsibility for children or other dependants, disability, sexual orientation, gender reassignment, age, trade union or political activities, socioeconomic background.

The principles of this policy apply to all members (and prospective members) of the extended school community – pupils, staff, governors and parents/carers.

A cohesive community

In order to achieve a cohesive community, we endeavour through our teaching, learning, and daily school life with children, parents and carers to:

- Promote understanding and engagement between communities
- Encourage all children and families to feel part of the wider community
- Understand the needs and hopes of all our communities
- Eliminate discrimination
- Increase life opportunities for all
- Ensure teaching and the curriculum explores and addresses issues of diversity

Race Equality

The school is fully committed to meeting its obligations under the Equality Act 2010 and associated guidance and regulations and this is reflected in the policy statements above. To meet the specific duties we will:

- ensure that all pupils and staff are encouraged and able to achieve the best of which they are capable
- respect and value differences between people
- prepare pupils for life in a diverse society
- make the school a place where everyone, taking account of race, colour, ethnic or national origin, feels welcomed and valued
- promote good relations between different racial and cultural groups within the school and within the wider community
- ensure that an inclusive ethos is established and maintained
- acknowledge the existence of racism and take steps to prevent it
- oppose all forms of racism, racial prejudice and racial harassment
- be proactive in tackling and eliminating unlawful discrimination

Disability Equality

The aim of our school is to ensure that wherever possible disabled people have the same opportunities as non-disabled people in their access to education and to prevent any form of unlawful discrimination on the grounds of disability.

Appropriate measures will be taken to ensure that statutory duties are met:

- not to treat disabled pupils and prospective pupils less favourably than other non-disabled pupils
- to take reasonable steps to avoid putting disabled pupils at a substantial disadvantage

In addition, steps will be taken to ensure that employees and those working with the school's authority:

- support the governing body in meeting their duties
- do not act in such a way that renders the governing body liable to a claim of discrimination

Staff and those working with the authority of the school are made aware of the basic requirements of the Equality Act 2010 and associated guidance and regulations.

There will be occasions where the treatment of disabled children is different from non-disabled students. In such cases the school will be able to demonstrate that such treatment is justified. The reason for the different treatment will be both material to the circumstances of the particular case and substantial (e.g. health and safety reasons). The school will also demonstrate that all reasonable steps have been taken to avoid the disabled pupil being placed at a significant disadvantage.

Careful consideration will be given to how participation can be best facilitated. A number of factors may be part of this consideration including:

- the need to maintain academic, musical, sporting and other standards

- the financial resources available
- the cost of taking a particular step
- the extent it is practicable to take a particular step
- health and safety requirements
- the interest of other pupils

The consideration of these factors may lead to the adoption of certain reasonable adjustments rather than others.

We recognise that the duty to make reasonable adjustments for disabled students is anticipatory. To meet this duty we will review policies, practices and procedures to ensure that we do not discriminate against disabled pupils. Examples of the specific measures we will be taking include:

- ensuring providers of facilities for school trips and extra curricular activities can accommodate disabled pupils before making bookings in advance;
- reviewing staffing arrangements to ensure that the school is in a position to administer medication if required in exceptional circumstances;
- ensuring there are special arrangements in place for disabled pupils who are taking examinations;
- ensuring our policies and procedures for bullying cover issues of disability;
- working closely with parents and disabled pupils to identify potential barriers to participation and devising reasonable adjustments to overcome them;
- ensuring that staff are briefed on the statutory requirements.

We will also take reasonable steps to find out whether prospective or existing pupils have a disability. This will include:

- creating an ethos and culture which is open and welcoming so that parents and pupils feel comfortable about sharing information about the disability;
- asking parents during the admissions process about the existence of any disability;
- providing continuing opportunities to share information (e.g. when seeking permission to go on a school trip);
- monitoring levels of participation, achievement and behaviour that may indicate a disability that has not been identified and referring the matter to specialist agencies.

Our school believes that improving access to education and educational achievement by disabled pupils:

- ensures equality of opportunity;
- encourages full participation in society;
- improves the likelihood of independent living and economic self-sufficiency in the future.

We believe that disabled people should be valued for what they can do rather than labelled for what they cannot.

- We improve the accessibility of the physical environment within the resources available in response to needs arising.
- We identify and monitor the performance of different groups of pupils: boys/girls; minority ethnic groups; SEN; disabled pupils; “Looked After” pupils; EAL; chronic medical conditions.
- Assessment procedures take into account the SEND Code of Practice: 0 to 25 years (2014) and its Toolkit; the needs of EAL pupils; the needs of minority ethnic pupils.
- We have procedures for involving all parents/carers in their children’s learning and we monitor this involvement and the outcomes.
- We have procedures for involving all pupils in their own learning and we monitor this involvement and the outcomes.
- Educational inclusion is an integral part of the school development programmes, continuous professional development and governors’ meetings.
- We deploy resources to pupils with SEN in excess of the expectations of the SEND Code of Practice: 0 to 25 years (2014)

Gender Equality

The school promotes equality of opportunity between males and females and endeavours to eliminate all unlawful sex discrimination and harassment. Conditions for learning (eg. environment, teaching and learning, resources, social and emotional aspects of learning) provide equal access and opportunities to both boys and girls.

Roles and responsibilities

All who work in the school have a responsibility for promoting equality and inclusion, and avoiding unfair discrimination.

All our staff are responsible for:

- Dealing with racist, sexist and homophobic incidents, and being able to recognise and tackle bias and stereotyping
- Promoting equality and good community relations and avoiding discrimination against anyone for reasons of race, colour, nationality, ethnic or national origins, gender, disability, religion or belief, sexual orientation or socio-economic circumstances
- Taking training and learning opportunities

- All of the above are reported on a termly basis to the School's Governing Board so that they are aware of any incidents and can ensure that pupils and staff are supported appropriately.

Monitoring, reviewing, assessing impact

This policy will be regularly monitored and reviewed by staff and governors to ensure that it is effective in tackling discrimination, promoting access and participation, equality and good relations between different groups, and that it does not disadvantage particular sections of the community.
